

### EXAMINER'S AMENDMENT

---

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Ryan on 19 August 2004.

The application has been amended as follows:

As per claim 21:

In line 4 of claim 21, "a said scan test enable indication signal" was replaced with --a scan test enable indication signal--.

In lines 4-5 of claim 21, "said captured logical values" was replaced with --captured logical values--.

In line 6 of claim 21, "a scan test enable signal" was replaced with --said scan test enable signal--.

In line 6 of claim 21, "a stage progression signal" was replaced with --said stage progression signal--.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph D. Torres whose telephone number is (703) 308-7066. The examiner can normally be reached on M-F 8-5.

---

Art Unit: 2133

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Albert Decady can be reached on (703) 305-9595. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
